Now, living in America's heartland and teaching at one of the nation's most free-market business schools, Zingales warns in A Capitalism for the People that the U.S. economy risks deteriorating into a Berlusconi-style crony-capitalist system—pro-business rather than pro-market, and run by corrupt politicians who are more concerned with lining the pockets of the connected elite than with ...

A Capitalism for the People: Recapturing the Lost Genius ...

Through capitalism, you have the power to empower others to build wealth and create a good life for themselves. And as the cycle continues, they will help others to do the same. Capitalism is ultimately the empowerment of people. Therefore, your success is measured not by the money you make, but by the people you uplift along the way.

Capitalism: The Empowerment of the People - Financial ...

In capitalism, owners control the factors of production and derive their income from it. Capitalism incentivizes people to maximize the amount of money they earn through competition. Competition is the driving force of innovation as individuals create ways to accomplish tasks more efficiently.
