Already in 1994, Richard Jefferson introduced in a symposium

Read Free Holt Science Technology Microorganisms Fungi And Plants Course A Holt Science Technology Short Course

lecture his idea that the evolutionary selection unit is not a single organism but a macro-organism (e.g. a plant or animal) and all its associated microorganisms that act in consortia (Jefferson, 1994). Consequently, the fitness of plants is determined by the entire suite of genes (the hologenome), consisting of the genome of the ...
