Mcharg Design With Nature

Ian McHarg's Design with Nature revolutionized landscape planning just at the time when the modern built environment was being recognized for its devastating effects on natural systems.

Design with Nature: McHarg, Ian L.: 858050000035: Amazon ...

By "design with nature" McHarg meant that the way we occupy and modify the earth is best when it is planned and designed with careful regard to both the ecology and the character of the landscape. In this way, he argued that our cities, industries and farms could avoid major natural hazards and become truly regenerative .

What does it mean to design with nature now? | The McHarg ...

Design with Nature is a classic landscape architecture text. As the title may suggest, McHarg's goal was to promote what he calls ecological design, an approach to large-scale design that takes into account pre-existing ecology and geography.

Design With Nature by Ian L. McHarg - Goodreads

New York: Doubleday&Co Inc.,. — 198 p.In 1969, Ian McHarg published Design with Nature, which was essentially a book of step-by-step instructions on how to break down a region into its appropriate uses. McHarg also was interested in garden design and believed that homes should be planned and designed with good private garden space.
