EGR 111 Final @UMassD Flashcards | Quizlet

Understand how much time you'll need to spend studying. Most professors expect that for every engineering course credit you take, you will spend 2-4 hours studying. So, if you have two engineering courses in a standard semester, that's six credits. That means you will need to spend an average of 18 hours studying outside of class per week.

3 Ways to Study During Engineering So That You Pass in Exams

Id recommend buying the book "Studying Engineering" by Raymond B Landis. Im reading it now and its pretty informative about what engineering is. He lists several engineers you can read about, describes the roll and duties of engineers, salary, the processes of how they think, the benefits, and he also helps you probe your thoughts by asking ...
